

COMMUNITY STRENGTHENING:

This collaborative organization, funded by First 5, includes parents and representatives from early education and childcare, mental health services, healthcare, and businesses who serve the 0-5 population on the Georgetown Divide.

PLAN OUTCOMES:

1. Literacy: All Divide children will be ready for school by age 5.
2. Developmental Milestones: Parents will have the resources and tools to monitor their child's developmental progress.
3. Safe and Healthy Environments: Parents will have the information and resources to provide safe and healthy environments for their children.

ASQ is the flexible, reliable, and no cost way to assess your child's skills in five key developmental areas: communication, gross motor, fine motor, problem-solving, and personal-social. Parents complete the short simple questionnaires, and in just 2-3 minutes, professionals convert the response to color-coded scoring sheets to determine the child's progress in each developmental area.
