**The Joy of Wonder...**  
*Rediscover, Rejuvenate Reunite*

Please join PCOE - Early Child Education, Child Care Council, Resource and Referral and your peers in a fun filled professional growth experience. Together we will engage in an informative thought provoking day filled with professional growth opportunities. A time to *Rediscover* the reasons we do the work we do, *Rejuvenate* ourselves in these challenging times and *Reunite* with fellow child development professionals. There will be plenty of time to network, share ideas and learn the latest best practices. Don't miss out on the opportunity to "*rediscover, rejuvenate and reunite* together."

This conference will give participants seven (7) hours of professional growth.

Featured Speaker  
Lisa Murphy, B.S.

Lisa has been involved with early childhood education for nearly 20 years. She has taught and worked with children in various environments including Head Start programs, kindergarten, private preschools, family childcare, park and rec. centers, group homes and both the St. Vincent DePaul children's center and the Julia Laythrop housing projects while a student at DePaul University in Chicago.

Lisa is the founder and CEO of Ooey Gooney, Inc. As the ooey goey lady®, Lisa presents over 150 workshops each year to audiences across the country on various topics related to early childhood education, specifically how to be more play-based in the classroom. She has been featured in various publications including Child Care Business Exchange, Parents and Pre-K Today. Lisa has authored four books and has created dozens of teacher training DVDs. A highly sought after keynote for educational conferences, Lisa uses humor and real life anecdotes to reach and engage her audiences. Lisa's standing room only seminars have become nationally known for their information, humor, inspiration and energetic delivery. Frequently asked if she has ever been a stand up comic, Lisa practices what she preaches and continues to blend the laughter with the learning! Lisa's current project is assisting educators with linking all aspects of a hands-on, play-based, Ooey Gooney® philosophy to state mandated educational standards. She is dedicated to proving that playing is, in fact, "getting them ready" for school!
